

Thank you again for the outstanding job you did with 3 very nervous, non actors. Your contribution has been tremendous and is truly a key part of our campaign.

Then the video - first time I saw it. Production and editing are excellent. Love the testimonials.

David

The video is great and everyone's hard work on it is evident.

I know the video will encourage parents to become strong advocates and we will do what we need to do to make sure it gets shown.

Thanks for your hard work on this very creative video.

I know it will be very effective and generate lots of interest and advocacy.
